

What to Recycle

Authors: Hoke Shuler, Rahul Shankar, Ben Singleton, Shemar Simmons

Problem Statement

Figuring out what can and can't be recycled is time-consuming and confusing.

Who is experiencing the problem?

Most people have this problem.

What is the Problem?

Recyclables are hard to distinguish from other types of waste.

Why Does it Matter?

Recycling crews won't pick up your recyclables if they see nonrecyclables mixed with them.
